Dear Families,

We’ve had a great start back to Preschool for Term 4 with lots in store for this busy time of year. From Friday, Kindergarten buddies will start joining us for literacy and numeracy activities. This will be a weekly activity between 9-10am on Fridays followed by a combined recess in the Infants playground. Session 1 children will have a similar program starting in Week 3. Formal school orientation processes are starting for all local schools soon and we look forward to supporting children make a smooth transition to School. Please see the meeting room display of children’s thoughts on the transition to school process from next week. These are wonderful conversation starters.

Volcanos are still a key area of investigation and Keanu impressed all with his home-made master piece. Sharks have been in the news and inspired some wonderful conversations and a terrific illustration by Jesse. Luke led a numerals investigation this week. We found ‘our’ age numeral and ordered magnet numerals 0-10.

We wish all a great weekend.
Love Lyndal and Andrea

PRESCHOOL Wednesday 28th October for Children’s Week Celebrations

Children's Week is an annual event celebrated in Australia during the fourth week in October. In 1996 it was decided to adopt a permanent theme: “A Caring World Shares” as a reflection of Children's Week aims. One of the key objectives of the Children’s Week Council is to focus National and local attention and awareness on Children's Week, with due regard to the rights, needs and accomplishments of children in Australia within the context of the family, the community and the world. Our Preschool is proud to participate in the “Day in the Park” shared play day and we hope many of you can join us there for all the fun.
