Dear Families

**Progress and planning chats**

Thank you to all for meeting with us to share a little of the learning happening in the Preschool program, and to plan forward. We will have goals and individual learning plans in place, ready for a wonderful start to Term 2. Please do see us anytime to discuss anything you’d like to see added to the program we provide.

Current interests include mining, bug investigations and learning all about ‘making friends’. Harmony Day was a lovely extension of that concept with Kindergarten sharing in play, cooking, picnicking and geography explorations, plus much more.

**EASTER HAT PARADE**

Thursday, 2nd April - Preschool is closed, but we welcome all pre-schoolers who make an Easter hat at home, to come along and march with us at the whole school parade from 11:30am (Meet us near the library).

This Saturday 27th March is EARTH HOUR! See link www.earthhour.org
We have been talking about it at Preschool this week.
