Obtaining parents’ authorisation and consent

Schools must obtain authorisation and consent from parents and authorised nominees in some circumstances. For example, administering medication to children, children leaving the premises in the care of someone other than their parent, children being taken on excursions.

Parents may refuse to allow authorisation.

All authorisations and refusals are to be kept in the child’s enrolment record.

Parent consent (or consent from authorised nominees) and authorisations must be obtained in the following circumstances:

- Administration of medication to children
- Medical treatment in the case of an accident or emergency by a doctor or hospital, including transportation in an ambulance

- Collection of children from preschool - when leaving the premises in the care of someone other than the parents
- Children having access to the internet and/or an email account
- Photographs being taken of children

Information about consent or refusal of authorisations is held on the preschool enrolment form.
